Preparing for interpreting assignments seems simple enough, but there's more to it than meets the eye. In this session I will discuss four different ways that interpreters can prepare themselves for specific assignments, as well as for all of the unexpected information we often deal with during assignments.

Participants will be asked to create work samples before and after doing prep work, and to compare the quality of the interpretations.

Presenter Bio

Amanda is a native of southwest Louisiana. After graduating from McNeese State University in Lake Charles, LA, she completed coursework in the Interpreter Training Programs at Collin County Community College in Plano, TX and Houston Community College, and earned a MA in Interpreting Studies and Communication Equity from St. Catherine University. She is certified on State and National levels in both generalist and medical interpreting, and she specializes in conference interpreting, scientific/technical interpreting, and interpreting for d/Deaf professionals in healthcare settings. Amanda currently resides in Tampa, FL, where she is active in the free lance community.
